FENCIBLES.

Cheap JOB PRINTING at Ramo's.
The town is rapidly filling up with people.

To-morrow is Governor's day at the Atlanta Exposition.
This will be an attractive day at the fair grounds, and a large attendance is expected.

The hotels will be put to it to accommodate the custom during the remainder of the week. They are crowded now.

The funeral of P. P. Alley, Esq., took place Sunday evening at the residence of his son-in-law, J. T. Houser. The services were conducted by Rev. W. C. Graves, of Morristown, and the remains were conveyed to the Crawford-burying ground near the city, for interment.

The Cincinnati Enquirer records the marriage at the Alliance Club, in Cincinnati, on the 19th inst., of Miss Lettie Lowenthal, of Cincinnati, and Miss Lettie Lowenthal, of Cincinnati. Among the attendants we notice Mr. Julius Mayer, of the city, and Miss Lettie Lowenthal, of Cincinnati.

Benson Skin Cure, Benson's Pills for Neuralgia, Colic, the Vaccine, Pomade, Rock's Cure, Hop Bitters, Cascaro Cordial (an elegant laxative), Conals, Brushes, Soaps and Toilet articles at J. W. Slooms', Druggist, east side Gay street, sign, "gold mortar," oct 25dt

The E. T. V. & G. Railroad authorities have built an addition to the baggage room in the car shed at this place. This was made necessary by the increase of business. A large ice-house and other buildings are being erected in the upper yard for the increasing demands of their business.

The city authorities have their engineer, Mr. P. Fuller, now engaged making the survey for the opening of Jackson street, which will extend from Crozier through to Broad street, south of and parallel with the railroad track, and it is expected to have the street opened as soon as possible. This is an important thoroughfare, which will soon be an absolute necessity, on account of the rapid growth of the city and the building up and improvement of that locality.

Messrs. Lee & Gailion, butchers, made a wonderful and mysterious discovery a few days since. In cutting up a hog which had been butchered by them, they found four horse-shoe nails imbedded in various parts of the flesh. The nails were apparently new and fresh, and had not colored the flesh a particle. The mystery is as to how they came there. The supposition is, however, that the hog had swallowed the nails, and they had worked out through the flesh.

Asthma sufferers should write to H. P. K. Peck & Co., New York City. See the advertisement headed "Asthma Cured" in another column.

THE KNOXVILLE FAIR.

Under the Auspices of the E. T. V. and Fair Association.
Auspicious Indications for the Opening-Speed Ring Entries.

Programme of Entries for the First day.
The exhibition given by the East Tennessee Fair and Turf Association opens to-day at their new fair grounds on the south side of the Tennessee river. Notwithstanding the rain and unfavorable outlook of Sunday and yesterday morning, the weather cleared up beautifully yesterday evening and everything pointed to an auspicious opening of the exhibition to-day.

The officers and managers of the association have been devoting their energies nobly to the cause, and have all the arrangements completed. There is congregated here stock—fast and blooded—from all over this State and bordering States, and it is safe to say that there is a better display of fine horses than was ever before attracted to Knoxville, and both the stock exhibition and speed ring will present unusual attractions to the admirers of horse flesh. The stalls on the grounds are well filled up and present a lively scene, besides much of the stock is yet stabled in the city.

The exhibition of stock in the ring at the grounds will begin at 10 o'clock this morning. The sheep, hogs and cattle will be exhibited to-day, as announced in the premium list to be found in this issue.

Last night was set apart for the closing of the entries in the speed-ring, and it was a business scene at the auction house of E. A. Akers, the temporary headquarters of the association. Mr. J. H. Jounston, the assistant secretary, was kept busy on the entries, which were made promptly and in good time, and all the races were filled, there being seven starters for the running race. Following is a list of the entries for to-day's races:

Introductory scramble, one mile for green horses that have over before run for a purse. Purses \$100.
W. C. Mabry—"Blondie C."
J. R. Jones—"Blondie C."
D. F. Myers—"Bay stallion."
J. A. Mabry, Jr.—"Sorrento filly."
Second race, trotting, 3 minute class, mile heats, 3 in 5, must beat 3 minutes. Purses \$150.
"J. R. Jones—"Andy Johnson."
R. M. Anderson—"Clifton."
G. S. Caldwell—"Kaiser."
Jno. T. Jones—"Dr. Tanner."
Third race, running, mile, 2 in 3. Purses \$200.
R. E. Gray—"Glencoe."
E. C. Sylvester—"Cape Clear."
R. M. Anderson—"Ballast."
M. Hunter—"Gen. Mahone."
J. R. Jones—"Accent."
W. C. Mabry—"Belle W."
Fourth race, 1 mile heats, 2 in 3, saddle horses only. Purses \$75.
J. M. Hunter—"Sorrento horse."
R. E. Gray—"Black horse."
W. E. Howerly—"Chesnut mare."
W. C. Mabry—"Sky-rocket."
The first race will be called at 1 o'clock p. m., sharp, and if entries do not come on the track promptly they will be ruled off. The running races will be governed by the Nashville Blood Horse Association rules, and the trotting races by the national rules. The proper announcements will be made from the stand.

All premiums on stock are to be paid in cash, unless otherwise specified. Owing to the limited time, the management were unable to prepare buildings and accommodations for anything but the stock, but they promise to be prepared at the next exhibition for farm products, ladies' department, etc.

Entries for the stock exhibition will be received up to 8.30 this morning at Akers' stand, and from that time till 10 o'clock on the grounds. This afternoon the headquarters will be established in the building between the Chronicle and Tribune, and entries will be received there to night up to 9 o'clock for the races to-morrow.

WILSON'S KNOXVILLE TELEGRAPH COLLEGE.

Located West Side Market Square, Four Doors from Kern's, Up Stairs.

We the undersigned having fitted up a fine suit of rooms permanently in this city with all the necessary facilities for the acquisition of a complete knowledge of the art of telegraphy and having secured the services of an able corps of teachers who were formerly employees of the Western Union Telegraph Co. as proficient operators, we are under the immediate supervision of Prof. E. I. Wilson, a practical operator of twenty-seven years' experience in the employ of the Western Union Telegraph Company; we feel justified in asserting our ability to teach the art of telegraphy, science of electricity, use of switchboard, running of wires, &c., in a complete and satisfactory manner to both sexes, having a separate apartment for ladies.

The rapid growth of telegraph business and consequent demand for operators has made the opening of this institution a necessity. We would especially call the attention of parents and guardians to these extra good facilities for obtaining for their children or wards a knowledge of a profession that will secure them always a good living with but slight effort.

College will be opened day and night year round. For further particulars address

THE GREAT REMEDY FOR COUGH AND CONSUMPTION! ALLEN'S LUNG BALM will break up the most distressing Cough in a few hours time, without fail. It is making cures of many cases of consumption which were considered incurable.

To Country Merchants and Visitors in the City:
Nathan Stern has for the past two weeks, received a large and well selected stock of Men's, Youth's, Boys' and Children's Clothing, Overcoats and Gents' Furnishing Goods. Every department is well filled with goods, wholesale as well as retail to suit and fit the smallest boy to the largest man.

In Price and Goods this house can't be beat.
Nathan Stern has been shipping and receiving goods the whole season. He has been visiting the Eastern markets three times this fall—in July, August and September—and this shows that he must sell goods at lower prices than any other House in the city.

Everybody is invited to call and look at his stock and prices, as it is no trouble to show goods.
I will sell to merchants, who are in the city for the purpose to buy, Clothing at Eastern Prices.
Special prices given to ministers.

A PROTESTING ALDERMAN.

Demurs to the Burlesquing of the City Council.

Our city council is composed of two citizens from each ward, chosen and elected by the voters of their respective wards. The mayor and council, therefore, must be good men, or our citizens would never have reposed such confidence in them as to trust them with the government and finances of our city. This being the case, it is treating our honorable board of mayor and aldermen with the respect to which they are entitled, to allow a troupe of foreign players to come among us and burlesque the proceedings of our city council? ALDERMAN.

Coup's Mammoth Circus.
To-morrow Knoxville will be made additionally attractive by Coup's circus, museum, grand menagerie, aquarium, etc. In speaking of its rare and various attractions, the Baltimore Sun has the following to say of its exciting features:

Coup's four-ring circus and Paris Hippodrome closed a most successful three-days' season in the city last night, and after midnight folded its tents and traveled away to Washington. W. C. Coup has always had the reputation of giving a most excellent horse show, and hippodrome and racing features in this exhibition are so novel and exciting that the audience always departed delighted with the performances. The circus has another claim—that it is one of the best of its kind in the world. In fact, it is certainly most daring, and always called forth the greatest amount of applause. The catapault was by far the most wonderful sight of the night. It consisted of a platform, a few feet in length, two cast-iron disks, supplied with hooks, a hundred or more pieces of elastic rubber an inch in diameter and about eighteen inches in length, with iron eyes in each end, both ends being attached to the lever of the machine supporting the catapault. In getting the machine in readiness for action, the long lever is raised high in the air, the two iron disks being thus brought together, the rubber springs are then hoisted on the lever and the iron disks are stretched to nearly six feet, and the enormous strain of over 20,000 pounds tugs and pulls up the short arm of the lever. Placed at the extreme end of the lever is the foot of the body of a lion, and the lever is held in place by a toggle, which is in charge of an attendant, and when the order is given to go, the catapault is touched, the iron disks spring together, the great beam flies upward with a tremendous force, and the daring lion is whirled through the air with the speed of a rocket. In the ring performances the lion-back riding of Willis Hollins, the leaping horse, Nettle, the dogs and the funny sayings of the clowns are particularly good. But the best feature by far of the entire show is the racing. They are genuine flat and hard races—the best one to win—and every race, therefore, is most exciting. The riding of the ladies in the hurdle-race is excellent, as is also the catapault racing. The female driver handles the reins of a two, three or four horse team with as much dexterity as the male driver, and he is an accomplished horseman. The race between the horses and man is good, and in fact, the entire racing car for five days or night is very attractive. Coup, after leaving Washington, will make a trip through the South, where he is as favorably known as he is in Baltimore.

AN OLD WOMAN'S ADVICE.
Aunt Rachael, writing to the Cincinnati Enquirer, says: "When you feel unwell and think you must take medicine, for goodness' sake 'get the best.' If you need a remedy that will make you regular in your habits, give you a good natural appetite, make your skin clear and smooth, and remove all spots and blemishes that indicate ill-health; if you wish to be free from mental depression, fretfulness, peevishness, wakefulness and other disorders, use Brown's Iron Bitters."

Educational.
Mr. EDITION: All who are interested in the work of education are respectfully invited to attend the "Teachers' Institute" to be held at New Prospect, Knox County, Friday, November 4, 1881. An ample programme has been provided for opening addresses, orthography, chart exercises, mental arithmetic, &c. Teachers from all parts of the county are invited, and especially those on the south side. Come, come, and come prepared to say something short and sweet. The exercises will begin at 9 a. m., and continue until 10 p. m., with a short intermission for lunch at noon and supper in the evening.

Experienced teachers will be invited to speak on "Theory and Practice," and "Graded schools," but all the subjects will be for any one to speak upon.

Piratical Fabrications.
Dangerous fabrications from time to time are gotten up to cheat the public and to sell on the name and reputation of Simmons Liver Regulator. In five legal decisions perpetual injunctions have been decreed by the Courts for the protection of the public and the suppression of the frauds. Therefore beware of these hurtful deceptions and take only Simmons Liver Regulator, manufactured by J. H. Zeilin & Co., in White Wrapper, with the large red Z and mortar thereon.

A Valuable Acquisition.
We announced a day or two ago the arrival of Joseph Richards in our city. He is no stranger in Knoxville. He resided here several years, and made a host of friends. He is noted for his never-tiring energy and sterling integrity. We are glad to know that he has come to stay. He is a valuable citizen, and he will be universally welcomed.

Mrs. Lucy E. McCormick, Covington, Ky., writes: "My constitution was completely shattered by rheumatism. I suffered intensely; stimulants only gave me temporary relief. I tried Brown's Iron Bitters. It has cured me completely, and I believe permanently. After using two bottles, I felt better and stronger than ever I did in all my life before."

Acceptance of Challenge.
We have, to-day, for the first time, obtained possession of a challenge, published by Mr. T. R. Burgie, headed "Which is the best Sewing Machine?" We hereby accept Mr. Burgie's challenge, and ask him to meet us at the Fair Grounds Friday, October 28th, at 2 p. m., to decide which is the best, the Wheeler and Wilson or Davis Sewing Machine, or acknowledge, by his absence, the superiority of the Davis.

Very respectfully,
EMORY & SCARBOROUGH,
Knoxville, October 25, 1881.

"Don't know half their Value."
"They cured me of Ague, Biliousness and Kidney Complaint, as recommended. I had a half bottle left which I used for my two little girls, who the doctors and neighbors said could not be cured. I would have lost both of them one night if I had not given them Hop Bitters. They did them so much good I continued their use until they were cured. That is why I say you do not know half the value of Hop Bitters, and do not recommend them high enough."
